

Fight the Bite!

Mosquitoes in Lincoln County

Transmission Cycle of West Nile Virus

Control the spread of West Nile Virus by eliminating breeding sites

What Can You Do?

- Empty containers where water collects.
- Maintain ponds, outdoor pools and hot tubs in working order.
- Prevent water from pooling in children's toys.
- Install tight fitting screens on all windows and doors.
- Avoid being outdoors from dusk to dawn.
- Wear long sleeves and long pants while outdoors.
- Use mosquito repellent with DEET.
